

## Song of Songs

I am the Ocean. I am the Sea.  
There is a world inside me.\*  
A river that flows connects me  
To my TRUTH and to ALL that is

I swim in an ocean of sound.  
I jump and float and play  
Atoms retract and collide in  
A universal dance of connection:

Sound and Song and Energy  
Love and Light and Joy

God spoke and the Universe was  
Borne from the sound of His word  
The sound of His song... THE song

Angels surround us and sing to us  
We are song unending  
We are star stuff and life resounding  
One Voice. One Song. One Love.

We are ONE
